CONTD...

It was a wonderful experience for all who witnessed the grand function in the month of October, 2018 related to the foundation stone laying ceremony.

## POST FOUNDATION DAY

Since the laying of the Foundation Stone by Swami Bodhasaranandaji, Asstt. Secretary, Ramakrishna Math and Mission, Sri Pema Khandu, Hon'ble Chief Minister, Arunachal Pradesh and Sri Kiren Rijiju, Hon'ble Union Minister of State, Home Affairs on 9<sup>th</sup> October the entire workforce was concentrated on Construction Work of 7

buildings in Phase I. On the other hand the Academic Team associated with the Primary School, Ramakrishna Mission Shishu Vidyamandir, Lumdung started working hard to develop a genuine academic environment in the campus with various learning methods, festivities and cultural competitions apart from regular studies and examination as routine. Occasional meetings with the Guardians and teaching staff have become more effective

over and above mere notifications hung up on the notice board.

## *OFFERING OUR RESPECT*

**The holy symbol of Doni Polo**

### SHISHU VIDYAMANDIR

In the mean time, vis-à-vis the request of the Mission, the DDSE has collected all the statistical details of RKMSV and has taken needful action to provide Mid-day Meal expectedly from June 2019. In case MDM is allowed, RKMSV will be able to improve the current menu given to the children every day during their recess period. From June, 2019 the School will be more busy with additional new Class 3, with those who have been promoted from Class 2. Admission Test for Class 1 was held on 30<sup>th</sup> March, 2019. Unlike last year this year Admission Test was held at Lumdung in our School campus. It was smooth and peaceful. After the Admission test next big event was the General Election, both for the State and the Centre together. On 11<sup>th</sup> April, 2019 the Govt. Secondary School of Lumdung was used as a Polling Booth and it was absolutely peaceful with 92 % turn up.

### NYOKUM YULLOW

The biggest local festival of the Nyishi Tribe is Nyokum Yulow. This is generally tied with the Statehood Day i.e. 20<sup>th</sup> April every year. Different cultural troupes are invited to Seppa from all over Arunachal and the festival continues for 6 or 7 days as a symbol of Socio-Cultural exchange among different communities as well as different religions. They invited speakers from every where, from the Christian community, from Ramakrishna Mission, and of course people from Indigenous faith were all there. So far Islamic speaker was not present though, but the organizers have no reservation for inviting any representative from Islam to this great festival. It is like Durga Puja of the Hindus. The undersigned invited all to join this festival irrespective of religion, caste or creed.

### PROGRESS OF CONSTRUCTION

Construction work of the upcoming school is speeding up though, but the progress could be much faster if the R K Mission management could get a good network for on time communication over phone and email or whatsapp etc. Because of irregular Power Supply there

has been disruption of normal Telephone connection which is dependant on power. The entire logistics for this big construction job, whoever executes, is bound to be slow due to this lack of network and subsequent minimum communication. The Govt. has helped in water supply which now has a steady flow in to our construction site. But the power problem persists. This has been arrested by a newly purchased DG set installed on the hilltop.

### EXPANSION OF MASTER PLAN

In future our school will require a Medical facility maybe with a provision for Indoor ward as well. Then why not this be used for Public Service like a **Charitable Dispensary** ? This thought motivated us to expand our Master Plan. Then we felt one more necessity e.g. a **Community Computer Center**. The land we have received as donation has been found to be inadequate to include these two and there we extended our future plan accordingly. Of late, in April 2019 we approached the NNMTWS (Nanghi Natung Moya Tacha Welfare Society) for a piece of land where we propose to build the charitable medical dispensary for local people

and a community Computer Centre as well as a general guesthouse. They donated us the main land for the school at the erstwhile Lumdung Bustee. And this time also they have gracefully donated the piece of land which we needed. For this the Mission is grateful to Sri Shishu Natung and others for this kind initiative.

**In the lap of serene natural beauty of Papu Valley, by the grace of the Holy Trio, Bhagavan Sri Ramakrishna, Holy Mother Sarada Devi and Sw. Vivekananda, the dream of building a super special educational hub with the motto of Man Making and Character Building is, we believe,**

**slowly but infallibly going to be a reality.**

### INSPIRATION

**STRENGTH.... STRENGTH ...  
STRENGTH.... SAY THAT TO  
YOURSELF DAY AND NIGHT, YOU  
ARE STRONG, PURE AND FREE**
